Spring Greetings

There's a gay green path which beckons
Into the garden of my dreams,
Where fairies weave their rainbow hues
With elfin laughter; and more it seems
A paradise when you are there,
A garden friend to dream with me,
To share its sun 'stilled incense rare,
Its song of tuneful ecstasy.

We thank you, loyal garden friends, for our successful and happy season of 1931. We anticipate the pleasure of meeting you and many newcomers along the garden path during the season of 1932.

Garden Making

Let us help you in planning and planting a perennial garden, an alpine garden, a picking garden, or in remaking an old garden. Do you need roses, vines, shrubbery and fruit trees? We should be glad to make suggestions and you may be assured that the stock which we sell is of the best grade and reasonably priced. Our perennials and annuals are raised from the choicest strains of seed obtainable and our plants are sturdy and vigorous. We hope we may be of real service to you in selecting plants and making gardens.
